

Free Workshops

Child Injury Prevention Workshops Till June 30th

Improving Motor Vehicle Child Passenger Safety and Preventing Cutting & Piercing Injuries

Safekids New Zealand is currently running half-day workshops throughout the country till the end of June. These workshops will introduce the themes of the 2009/2010 Safekids Campaign. They are an opportunity for individuals and community groups to link together to develop strategies and community action to keep children safe.

Workshops are relevant to all those working with children - Community leaders and decision makers; Māori; Pasifika; new migrants; those working in injury prevention, health promotion and/or involved in child health; those working in Local Government; road safety; Road Safety Co-ordinators; Educators and child care services; Plunket and other Well Child Providers; Police; those in the Fire Service; ACC Consultants. In fact, anyone with an interest in keeping kids safe.

To join a workshop in your area please contact your Safekids Coalition Leader:
