

# Bright\*Star's 6<sup>th</sup> Annual Managing Hazardous Substances and Dangerous Goods Conference

*16 & 17 February 2010, Crowne Plaza, Auckland*

This conference has been specifically tailored to be as practical and industry-focussed as possible, giving you the maximum learning experience for your training investment. We will cover all major issues affecting HSNO compliance including:

- Classifications of hazardous substances and work areas
- The review of the test certification regime
- Developing an ERMA approved code of practice
- Examining HSNO compliance levels in New Zealand
- Improving the incident investigation process
- HSNO waste and lifecycle management
