

Health Research Council

The Health Research Council has launched the Māori Research Database. This database is part of the fulfilment of goal 5 of *Nga Pou Rangahau Kia Whakapiki Ake Te Hauora Māori 2004-2008* (The Health Research Strategy to Improve Māori Health and Wellbeing 2004-2008). Read more and search the database at their [website](#).

Projects related to injury prevention funded in the Health Research Council's May 2008 funding round include:

- A new HRC Programme grant for Building Research in Occupational Health in New Zealand (BROHNZ), awarded to Professor Neil Pearce, Centre for Public Health Research, Massey University, 3 year grant, and
- A new HRC project grant to investigate the range and magnitude of alcohol's harm to others to Professor Sally Casswell, Centre for Social Health Outcomes Research and Evaluation, Massey University, 2 year grant, and
- An Emerging Researcher grant to Ms Louise Ihimaera, Research Centre for Maori Health and Development, Massey University, to research Maori Whanau participation in mental health service delivery, 2 year grant
- Read more about these Massey University projects at the [website](#).
- A new HRC project grant was also awarded to Dr Robyn Whittaker, Clinical Trials Research Unit, University of Auckland, for a trial of a mobile phone-based depression prevention programme for adolescents, three year grant. To read more about the development of ADAPT [click here](#).
