

Samoan Youth Groups Promote Safe Crossing Message

As part of the ACC road safety programmes on Drive to the Conditions, Pacific communities and schools are being targeted. An area of concern is the number of people from these communities being injured or killed at pedestrian crossings.

Seen here is a performance delivered by EFKS Samoan Youth Group to the gathering of Tongan, Nuiean, Cook Island and Samoan youth groups at Presbyterian Church Onehunga.

Rev. Iki Pope (Tongan Methodist Minister) theologised the safety skit message to fit the theme of the youth fellowship.
